“The Best Hotels” rating

THE ESTABLISHED BENCHMARK FOR HOTELS IN THE D/A/CH REGION

CC expertise is also incorporated into the “The Best Hotels” ratings, the only objective evaluation system in Europe based on TrustYou, public voting, and an expert jury. Its standards are applied uniformly across four countries, constituting an important decision-making aid for potential guests.

Every year, the rating is revalidated and published in 10 to 14 categories in Austria, Switzerland, Germany, and South Tyrol.

All hotels included in the rating are presented on their own landing page for the entire year.

”

“THE BEST HOTELS” rating has a very special significance for us. It is a sign of great appreciation for our wonderful team that seeks to inspire our guests every day by putting their heart and soul into their work. The rating is also a valuable guide for people from all over the world who are interested in a very special vacation that not only makes them feel happy and satisfied, but also has a lasting effect on them.“
